A New Chapter in Aesthetic Surgery in Pakistan

A NEW CHAPTER BEGINS

The development of aesthetic surgery in Pakistan has reached an important new milestone.

The Association for Aesthetic Surgery Pakistan provided an early platform for professional interaction, academic exchange and the advancement of our specialty. Registered as a company with the Securities and Exchange Commission of Pakistan (SECP), it represented an important first step towards bringing together professionals with a shared interest in aesthetic surgery.

As the specialty has evolved, the need has emerged for a more structured, inclusive and representative professional institution — one that places its members at the heart of its identity and governance.

The **Pakistan Aesthetic Surgery Society (PASS)** has been established as a separately registered society, with its own constitution and a defined framework for elected leadership and collective decision-making.

Under its constitution, the Society is administered by an eight-member Managing Committee comprising a President, General Secretary, Finance Secretary and five Managing Committee members. The Committee is elected by the membership for a two-year term.

This is more than a change of name or organisational structure. It is an opportunity to build a lasting institution dedicated to education, scientific exchange, research, professional collaboration and the responsible advancement of aesthetic surgery in Pakistan.

PASS belongs to its members. Its strength will come from their participation, its direction from their collective vision, and its leadership from their trust.

A new identity. A shared purpose. A stronger future.

A MESSAGE FROM THE OUTGOING PRESIDENT

Dr Shiraz Raza

It has been a privilege to serve as President of the Association for Aesthetic Surgery Pakistan and to be part of the journey that has brought our specialty to this important moment.

Over the years, the Association provided a platform for colleagues to connect, exchange knowledge and contribute to the development of aesthetic surgery in Pakistan. I am grateful to all those who supported its activities and helped advance this shared vision.

Today, we stand at the beginning of a new chapter with the establishment of the Pakistan Aesthetic Surgery Society (PASS). This is an opportunity to build upon the foundations laid before us and create a stronger, more inclusive and sustainable professional institution.

A society is ultimately defined not by its name or leadership, but by the commitment and participation of its members. I hope PASS will become a home for meaningful academic exchange, professional collaboration, ethical practice and the continued advancement of our specialty.

As I pass on the responsibility of leadership, I do so with confidence in the colleagues who will take this initiative forward. I encourage every member to participate actively, contribute generously and make this Society their own.

FROM ASSOCIATION TO SOCIETY

The journey of organised aesthetic surgery in Pakistan has been shaped by the dedication and contributions of many colleagues. Among the most significant milestones was the establishment of the **Association for Aesthetic Surgery Pakistan (AASP)**.

AASP played a remarkable role in bringing Pakistan's aesthetic surgery community onto the international stage. Through four highly successful scientific meetings, it welcomed distinguished international faculty, including some of the leading aesthetic surgeons from around the world.

These meetings went beyond academic lectures. Visiting surgeons shared their expertise, delivered scientific presentations and performed live surgeries in Pakistan, creating valuable opportunities for learning, interaction and the exchange of surgical knowledge.

This international engagement made a lasting contribution to the development of aesthetic surgery in our country. It helped raise professional standards, broaden surgical perspectives and strengthen Pakistan's standing within the international aesthetic surgery community.

This legacy deserves recognition and appreciation.

As the specialty continues to grow, a new institutional framework is needed to build upon these achievements. The **Pakistan Aesthetic Surgery Society** (**PASS**) has been established for exactly this purpose.

PASS will bring together professionals practicing aesthetic surgery across Pakistan, creating a unified platform where every member has a voice and a meaningful role in shaping the Societie’s decisions and future.

A legacy of achievement. A new institutional beginning. A shared commitment to the future.

OUR AIMS & OBJECTIVES

The Pakistan Aesthetic Surgery Society has been established with the aim of promoting excellence, integrity and the responsible advancement of aesthetic and cosmetic surgery in Pakistan.

1. PROMOTING EXCELLENCE
To promote high standards of aesthetic and cosmetic surgery.

2. ETHICAL PRACTICE AND PATIENT SAFETY
To encourage ethical practice, patient safety and professional integrity.

3. EDUCATION, TRAINING AND RESEARCH
To advance education, training, research and continuing professional development.

4. SCIENTIFIC AND ACADEMIC ACTIVITIES
To organise and promote scientific meetings, conferences and academic activities.

5. PUBLIC EDUCATION
To educate the public regarding safe aesthetic surgical practices.

6. MEMBERS' WELFARE
To work for the collective welfare and interests of its members.

7. INSTITUTIONAL PRINCIPLES
To operate on a non-political, non-commercial and non-religious basis, with a charitable purpose.

A shared commitment to excellence, ethical practice, education and the advancement of aesthetic surgery in Pakistan.

OUR VISION

To see Pakistan emerge as a recognised centre of excellence in aesthetic surgery, contributing meaningfully to the advancement of the specialty both nationally and internationally.

EXCELLENCE
Aesthetic surgery in Pakistan is practised to the highest standards of surgical skill, knowledge and patient care.

EDUCATION
Structured training, continuing professional development and mentorship create opportunities for the next generation of aesthetic surgeons.

ETHICS & PATIENT SAFETY
Professional integrity, responsible practice and patient welfare remain at the heart of everything we do.

RESEARCH & INNOVATION
Scientific inquiry, new techniques and evidence-based practice drive the evolution of our specialty.

INTERNATIONAL COLLABORATION
Pakistan becomes an active participant in the global aesthetic surgery community, contributing knowledge and expertise while learning from international colleagues.

UNITY & REPRESENTATION
A strong, inclusive professional community works together for the collective interests and advancement of its members.

Our ambition is not simply to grow the specialty, but to help shape its future.

THE STORY BEHIND OUR EMBLEM

The original emblem of the Association for Aesthetic Surgery Pakistan was inspired by the distinctive flower-like pattern formed by the architectural design of **Minar-e-Pakistan** when seen from above. It became a recognisable symbol of the early journey of organised aesthetic surgery in Pakistan.

In establishing **PASS**, we have chosen to preserve this visual heritage while developing it into a more complete representation of our national identity.

Minar-e-Pakistan — The Centre
At the heart of the emblem lies Minar-e-Pakistan, representing our national heritage, our roots and the collective resolve, determination and conviction upon which our future is built

The Circle — Unity
The circle represents wholeness, continuity and the unity of a professional community working towards a common purpose.

The Crescent — A New Beginning
The waxing crescent reflects our national identity while symbolising a new beginning, a growing vision and the continued progress of a new society.

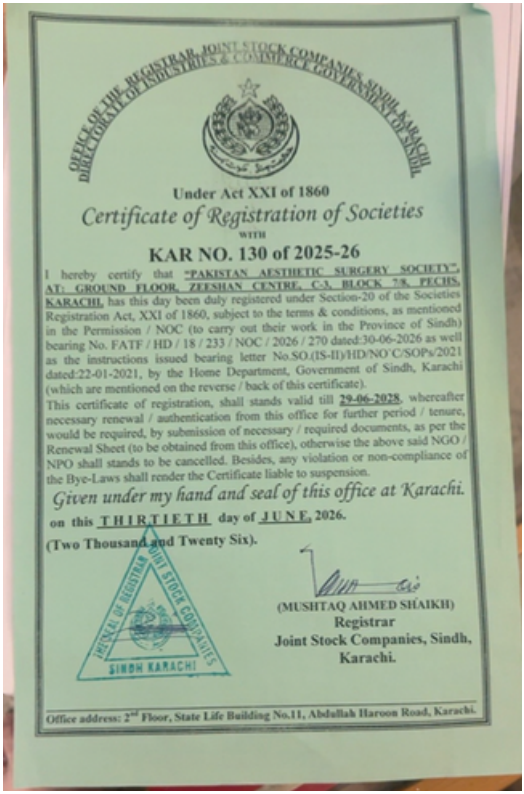

The Five-Pointed Star — Light and Knowledge
Inspired by the symbolism of our national flag, the star represents knowledge, enlightenment and the pursuit of excellence.

The Colours — Our People, Our Identity
Inspired by the diversity of natural skin tones across Pakistan, the warm, earthy palette celebrates our cultural identity and the individuality and beauty of the human form.

Rooted in our heritage. United in our purpose. Inspired by our future.

This marks an important milestone in establishing an independent, member-led professional institution dedicated to the advancement of aesthetic surgery in Pakistan.

A formal foundation for a shared future.

A SOCIETY GUIDED BY ITS CONSTITUTION

A strong professional society needs more than a shared vision. It needs a clear framework that defines how it operates, how decisions are made and how its members are represented.

The Constitution and Rules and Regulations of the Pakistan Aesthetic Surgery Society provide this framework.

MEMBERSHIP
The framework for joining the Society and participating in its activities.

GOVERNANCE
The structure through which the Society is administered and its affairs are managed.

LEADERSHIP
The roles, responsibilities and accountability of elected office bearers and the Managing Committee.

ELECTIONS
The process through which members elect their representatives and determine the Society's leadership.

FINANCIAL ADMINISTRATION
The principles governing the responsible management of the Society's funds and resources.

INSTITUTIONAL CONTINUITY
A defined set of rules to guide the Society's functioning beyond the tenure of any individual office bearer.

The constitution is not simply a legal requirement. It is the foundation for a transparent, accountable and member-led institution.

The rules protect the institution. The members give it purpose.

GOVERNANCE & LEADERSHIP

The administration of the Pakistan Aesthetic Surgery Society is entrusted to an elected **Managing Committee**, ensuring that the Society remains accountable to its membership.

The Managing Committee comprises eight members

President

General Secretary

Finance Secretary

Five Managing Committee Members

The Managing Committee is elected by the membership for a two-year term, in accordance with the Society's constitution.

Leadership is a responsibility entrusted by the members — and exercised in the interest of the Society.

MEMBERSHIP & ELIGIBILITY

The strength of the Pakistan Aesthetic Surgery Society lies in its members. Membership is open to all plastic surgeons and allied specialists committed to aesthetic surgery or any of its sub specialties.

PASS aims to bring together professionals who share a commitment to the advancement of aesthetic surgery, high standards of practice, ethical conduct and continued professional development.

PARTICIPATION
An opportunity to take part in the Society's activities and contribute to its development.

ACADEMIC COMMUNITY
Engagement with colleagues through scientific exchange and professional collaboration.

SHARED PURPOSE
A platform for contributing to the future of aesthetic surgery in Pakistan.

We invite eligible professionals to apply for membership and become part of this growing professional community.

Membership applications will be considered in accordance with the Society's Constitution and Rules and Regulations.

A stronger society begins with the participation of its members.

BE PART OF THE JOURNEY

The establishment of the Pakistan Aesthetic Surgery Society marks the beginning of an important new chapter for our specialty.

But a society is not built by its constitution, its logo or its leadership alone.

It is built by the people who believe in its purpose, contribute their knowledge, participate in its activities and take responsibility for its future.

We invite colleagues across Pakistan who share this vision to become part of **PASS.**

Whether through academic contribution, scientific exchange, mentorship, research or active participation in the Society's affairs, every member has a role to play.

This is an opportunity to build an institution that is inclusive, accountable and enduring — one that future generations of aesthetic surgeons can be proud to inherit.
